## Work Experience

*Adjunct Faculty | Department of Communication Studies, Texas State University | 8/24 - present*

Currently teaching fully online sections of COMM 1310. Duties include: Delivering lectures via video recordings and hosting office hours, facilitating discussion pages, giving weekly announcements through the web-based LMS Canvas, and grading all incoming assignments. Previously worked fully in-person in Fall of 2024.

*Research Assistant | Translational Health Research Center, Texas State University | 8/23 - 4/24*

Conducted research with the Texas Library and Archives Commission to examine rural librarians and their effect on small town communities. Duties included: Analyzing questionnaires, interviewing, data analysis, and writing academic articles. Published work under the research team and presented in the Applied Communication division at 2024's Eastern Communication Association conference.

*Graduate Instructional Assistant | Department of Communication Studies, Texas State University | 8/22 – 4/24*

Facilitated learning with both online and in-person students in the required undergraduate general education course, COMM 1310. Duties included: Facilitating behavioral learning through lab instruction, grading incoming assignments, responding to student emails and questions, and hosting office hours.
