CURRICULUM VITAE

Mary H. Stanfill, DHI, MBI, ACHIP, RHIA, CCS, CCS-P, FAHIMA
1379 N Gale Mountain Rd.
Pocatello, ID 83204
(208) 479-1843
stanfillm@gmail.com

… Education

Doctorate in Health Informatics 2026
The University of Texas School of Biomedical Informatics, Houston, Texas

Master of Science in Biomedical Informatics 2009
Oregon Health Sciences University School of Medicine, Portland, Oregon

Mini-MBA 2007
Northwestern University, Chicago, IL

Certificate in Healthcare Informatics 2006
Oregon Health Sciences University School of Medicine, Portland, Oregon

SNOMED CT Master Class 2006
College of American Pathologists, Northfield, Illinois

Advanced Certificate in Clinical Data Management, AHIMA 2003

BS, Health Information Management
Mercy College of Detroit, Michigan

… Areas of Expertise

- Clinical classification and terminology maintenance and application
- Mapping and harmonization of healthcare standards
- Healthcare data standards and HIPAA transaction standards
- Actionable information from healthcare data
- Healthcare reimbursement regulations and reporting requirements
- Healthcare compliance regulatory requirements and strategies
- Mid-revenue cycle operations
- Value based care and risk-adjustment strategies
- Population health data

National Center for Health Statistics (CDC/OPHDST/NCHS)
Senior Informaticist for Morbidity Classifications
December 2024 – Present

- Provide leadership in morbidity data standards planning, development, and evaluation in the U.S. and globally.
- Collaborate and represent CDC/NCHS on morbidity standards policies and practices.
- Represent CDC/NCHS on health informatics matters and issues affecting morbidity data standards development and implementation by collaborating and providing expertise to help address informatics challenges.

Texas State University, Department of Health Informatics & Information Management
Adjunct Faculty Appointment
2025 – Present

- Design/teach undergraduate courses
- Deliver online learning and facilitate virtual discussions
- Evaluate and mentor students in the health information and informatics undergraduate program

College of St. Scholastica, Department of Health Informatics & Information Management
Adjunct Faculty Appointment
2020 – Present

- Design/teach undergraduate and graduate courses
- Deliver online learning and facilitate virtual discussions
- Evaluate and mentor students in the health information and informatics undergraduate and graduate programs

Stanfill HI Solutions, LLC
Founder and CEO
January 2024 – December 2024

- Leading and developing a consulting practice dedicated to improving healthcare data to enable efficient and effective patient care.
- Key focus of the practice is assisting healthcare organizations to have confidence in their clinical and claims data to comply with regulatory requirements, make better decisions, and sharpen their competitive advantage.
- Services currently include strategic consulting with provider organizations to improve healthcare data, terminology mapping and data modeling for various use cases, contributing to data management strategies to achieve a semantic infrastructure, updating domain specific value sets to reflect current terminology versions, evaluating classifications and terminologies as fit for specific use cases, education and training on terminologies and classifications, including ICD-11.

United Audit Systems, Inc.
Vice President, Consulting Services
May 2011 – January 2024

- Responsible for development, P&L, and operations of the consulting practice

- Identify and develop consulting services to ensure UASI remains a leader in providing premier revenue cycle solutions, coding compliance services, and clinical documentation improvement (CDI) services to its clients.
- Direct division functions through short- and long-term goals, budgeting, staff development, and performance improvement.
- Develop and maintain client relationships
- Provide subject matter expertise in clinical classifications development and maintenance, coding compliance, healthcare claims data integrity, and population health data analysis
- Provide subject matter expertise for software development and maintenance
- Collaborate with executive leadership team to achieve an effective marketing/operations sales strategy and retain clients

Oregon Health & Science University, Department of Informatics, School of Medicine
Adjunct Faculty Appointment
2011 – 2017

- Design/teach graduate courses focused on health data standards
- Deliver online learning and facilitate virtual discussions
- Evaluate and mentor graduate students in the HIM certificate program

American Health Information Management Association
Vice President, Professional Practice Resources
2006 – 2011

- Communicate and implement organizational policies, set and communicate the culture
- Establish and monitor multi-department strategies for developing and delivering resources on standard practices and training across all HIM domains
- Serve as subject matter expert on coding, code maintenance, and claims data analytics
- Manage organizational collaborations and vendor relationships
- Forecast learning needs for training and product development
- Collaborate on business development efforts, providing subject matter expertise for business-to-business sales and contracts
- Approve and support products and services and continuing education content
- Plan and execute annual department budgets and capital investments

American Health Information Management Association
Manager, Practice Resources
2000 – 2006

- Provided professional expertise to AHIMA members and outside organizations on HIM practices, particularly in relation to coding classifications and compliance
- Developed content and provided technical review of materials on multiple topics, including: maintenance of clinical classifications, impact of evolving reimbursement methods, healthcare claims compliance requirements, implementation and use of terminology standards (e.g. SNOMED, LOINC, RxNorm), and data quality integrity initiatives
- Project manager for map validation of proprietary clinical terminologies (IMO) and conducted map validation activities under subcontract to the National Library of Medicine (NLM) on specific SNOMED projects
- Developed and maintained course content for multiple Coding Assessment and Training solutions online training modules
- Participated in internal education on HL-7 Clinical Data Architecture

- Editor, CodeWrite Community News September 2002 – September 2006

Buffalo Clinic
Multispecialty & Family Practice Clinic
Health Information Manager
1996 – 2000

- Managed and supervised ICD/CPT coding, medical records, patient registration, reception, appointment scheduling and transcription (25 FTEs in two clinic locations)
- Conducted a complete reorganization of the Health Information Department resulting in streamlined, more efficient processes
- Reviewed EMR systems available for physician practice with subsequent development of an RFP, analysis of proposals received, and recommendation for system selection
- Completed full cost-benefit analyses of specific health care services, such as select laboratory tests and chemotherapy administration

…Volunteer Activities

Invited external member of the National Committee on Vital and Health Statistics (NCVHS) Workgroup on Timely and Strategic Action to Inform ICD-11 policy, March 2023 to December 2024

Official Representative of the International Federation of Health Information Management Associations (IFHIMA) to the WHO Family of International Classifications (FIC) Education and Implementation (EIC) and Morbidity Reference Group (MbRG) workgroups, June 2021 to December 2024

Advisory Board, University of Cincinnati, HIM baccalaureate program 2018 – 2023

Advisory Committee, Idaho State University, HIT associate degree program 2017 – 2024

IdHIMA Executive Board, President 2020 – 2022

AHIMA Affordability Policy Workgroup, participant 2021

AHIMA Governance Task Force, participant 2019 – 2020

AHIMA Coding Thought Leadership Advisory Council, participant 2019 – 2020

AHIMA Clinical Terminology & Classification Practice Council, member/co-chair 2018 – 2021

IHIMA Executive Board, Secretary 2012-2013

Advisory Committee, Indiana University Northwest HIM baccalaureate program 2011-2013

Alumni Steering Committee, OHSU Biomedical informatics program 2010 – 2011

Professional Advisor and Mentor, Master of Arts Program in Applied Professional Studies (MAAPS), DePaul University, 2010 – 2012

Advisory Committee and Self-Assessment Preparation Committee, for OHSU HIM program accreditation 2008 - 2009

AHIMA's EHR Data Content eHIM workgroup co-facilitator, 2005

eHealth Initiative and Foundation's Working Group for HIT in Small Practices- participant 2004

AHIMA's Computer-Assisted Coding eHIM Workgroup Lead Facilitator, summer 2004

Study participant, AHIMA-AHA ICD-10-CM coding test, 2003

…Professional Affiliations

Member American Health Information Management Association (AHIMA), Present

Member American Medical Informatics Association (AMIA), Present

Member International Federation of Health Information Management Associations (IFHIMA), Present

Member Idaho Health Information Management Association (IdHIMA), Present

Member Health Care Compliance Association (HCCA), 2016 – 2019

… Certifications

ACHIP AMIA Certified Health Informatics Professional, AMIA

RHIA Registered Health Information Administrator, AHIMA

CCS Certified Coding Specialist, AHIMA

CCS-P Certified Coding Specialist – Physician Based, AHIMA

… Additional Achievements & Awards

IFHIMA Best Workshop Abstract award; Fostering Global Health: Introducing ICD-11 MMS Structure and Content in Comparison to ICD-10 Modifications, 20th IFHIMA Congress & 40th HIMAA National Conference 2023.

Recognized as an expert in healthcare claims data analytics, CPT coding, ICD coding, and Health data mapping in a court of law by the Commonwealth of Kentucky, January 2017

American Health Information Management Association Fellow, achieved in 2009

AHIMA Action Community for Excellence (ACE), member 2008 - 2015

South Dakota Health Information Management Association unsung hero award – 2006
