DR. ABEL GUEVARA III, DHA, MHIM, eFACHDM, RHIA, mMBA, CPhT-Adv, CDME, PMEC, FAHIMA(c)

AGuevaraIII@gmail.com 512.296.7579

PROFESSIONAL SUMMARY

Healthcare data has the potential to reduce costs, enhance quality, and improve the patient experience within healthcare organizations. Together, we can change information into action.

I am an accomplished healthcare executive and Doctor of Health Administration graduate specializing in Health Information Management (HIM) and Health Administration (HA) with over two decades of experience in the Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS) industry. I have gained tremendous knowledge and experience in all areas including executive leadership, healthcare compliance, operations management, revenue cycle, and sales. I am dedicated to driving efficiency, increasing productivity, and conveying enthusiasm by managing talent, delegating tasks, and building cross-functional teams within a diverse organization.

I am passionate for people and loyal to improving our healthcare industry. I know there is a soft side to my work, but numbers tell our stories and economics drive our behaviors and I am a whiz at both. My curiosity allows me to collaborate with clients, employees, and community organizations all while enforcing ethical business practices.
